

### Safe play learning lab instructions

- Print the Learning lab posters each on 11x17 paper
- Set up each with scenario and then questions below.
- If working with a larger group, split up into smaller groups.
- Ask each group to go over the bullet points of their incident and discuss the questions provided.
  - o After discussing, have them look at the provided responses to compare them with what they came up with as a group.
  - o If working with a smaller group, with time permitting, go over the answers for each incident and discuss the answers and solutions the group has come up with.
